

Patient Education

ASH UPDATES ON LEUKEMIAS

Please join The Leukemia & Lymphoma Society (LLS) for an education program intended for patients, families, caregivers and healthcare professionals.

Winship Cancer Institute of Emory University
1365 Clifton Road, Atlanta, Georgia 30322
Building C, Winship Kauffman Auditorium C5012

Speakers

Anand Jillella, MD
Winship Cancer Institute

Martha Arellano, MD
Winship Cancer Institute

Vamsi Kota, MD
Winship Cancer Institute

Leonard Heffner, MD
Winship Cancer Institute

Program

Participants will learn about acute and chronic leukemias - how they are diagnosed and classified. They will also hear about the most recent treatment options and clinical trials results presented at the 2016 American Society of Hematology Annual Meeting as well as the support resources available locally, through their cancer center and nationally through LLS. Following this program, we hope patients will be more prepared to discuss their diagnosis and treatment with their oncology team. We encourage you to invite your caregiver and family members.

Pre-registration for this free program is required.

Complimentary lunch will be provided.

To register, please visit <http://tinyurl.com/ha7kcpX>
or contact Tricia Hernandez at 404-720-7838.
