Building Transdisciplinary Capacity for Tibetan Medical Research: Methods, Translation and Efficacy Evaluation

SYMPOSIUM SCHEDULE

Tuesday, Oct., 2

Venue: WHSCAB Auditorium

Opening Ceremony

9:00 – 9:20am

Welcome and Introduction

Peter Brown: "An Introduction to the George Armelagos Biocultural Anthropology Lecture Series"

Tenzin Namdul and Tawni Tidwell: "Tibetan Medical Research up to the Present"

9:20 – 9:40am

Keynote Address: Robert Paul

"The Biocultural Lens and A Retrospective Assessment: Significant Developments in Research Developments from the Emory-Tibet Partnership"

Presentations: State of Research

9:40 – 10:10am Carol Worthman

"Transdisciplinary Research: Integrating Epistemologies, Collaborative Research, and Lessons from the Dialogues"

10:10 – 10:30am Tenzin Namdul

"Transitioning at Death: Marks of Consciousness, Mind and the Body — Lessons from the Field, Integrating Paradigms"

10:30 – 11:00am William Eley

"Developing Collaborative Bases: Exchanging Cultural Learning and Education with Emory Medical School and Men-Tsee-Khang Tibetan Medical School Students"

11:00 – 11:20am Geshe Dadul Namgyal

"Developing Collaborative Language: Foundations for Translation, Lessons from Emory-Tibet Science Initiative"

11:20 – 11:50am Tawni Tidwell

"Ways of knowing & Establishing Valid Criteria: Key Issues for Clinical and Pharmacological Research in Tibetan Medicine"

12:00-1:00pm Lunch Break

(Participant Lunch at School of Medicine Lobby)

Panels: Highlighting Development Needs for Methods, Translation and Assessments

1:00 – 2:00pm Explorations & Dialogues 1:

"Transdisciplinary Pharmacology for Tibetan Medicine: Methodologies, Tools & Measurements of Efficacy"

Panelists: Tashi Dawa (Associate Researcher Schinazi Biochemical Pharmacology Lab); James Nettles (Nettles Consulting LLC); David Lynn (Chemistry Dept); Yushi Bai (Chemistry Dept); Cassandra Quave (Quave Research Group, Human Health/Dermatology); James Lyles (Quave Research Group, Human Health/Dermatology);

Michael Iuvone (Emory Eye Center); Tawni Tidwell (Austrian Academy of Sciences)

2:00 – 3:00pm Explorations & Dialogues 2:

"Integrating Paradigms in Human Biological Research for Tibetan Medicine"

Panelists: Carol Worthman (Anthropology Dept); Charles Raison (Psychiatry Dept, Emory School of Medicine); Ömer Küçük (Emory Integrative Medicine Center); Tenzin Namdul (Anthropology Dept)

3:00 – 4:00pm Explorations & Dialogues 3: *"Translation Needs for Tibetan Medical Research"*

Panelists: Geshe Lobsang Tenzin Negi (Emory-Tibet Science Initiative); Geshe Dadul Namgyal (ETS); Tsondue Samphel (ETS); Carol Worthman (Anthropology Dept); Tenzin Namdul (Anthropology Dept); Tashi Dawa (Associate Researcher Schinazi Biochemical Pharmacology Lab)

4:00 – 5:00pm Explorations & Dialogues 4:

"Education Foundations & Methods Learning for Collaborative Clinical Research"

Panelists: William Eley (Emory SOM); Ted Pettus & Faculty Colleagues (Emory SOM); Ömer Küçük (Emory Integrative Medicine Center); Carol Worthman (Anthropology Dept); Tenzin Namdul (Anthropology Dept)

5:00-5:30pm

Closing Remarks
