One-day symposium to learn about recent advances in Mass Spectrometry (MS) and about available MS resources within Georgia to support your research. This will be a great opportunity to collaborate with other scientists in your state and to exchange protocols and ideas.

Call for Speakers:

Young scientists (including postdoctoral fellows and graduate students) are encouraged to submit abstracts for oral and/or poster presentations.

Submission Deadline: August 31, 2019

Contact: pritha.bagchi@emory.edu

Program will be available soon on the AAMSDG website
