

Understanding Myeloma: Diagnosis and Novel Treatment Options

Myeloma Link: Connecting African American Communities to Information, Expert Care, & Support

SPEAKER:

Nisha Joseph, MD

Assistant Professor

Department of Hematology and Medical Oncology
Winship Cancer Institute of Emory University

PROGRAM:

We hope you can join us for this informative virtual program!

Black Americans have twice the incidence of myeloma as white Americans, with recent studies finding that Blacks are also less likely to receive the latest myeloma treatments, including transplants.

Participants will learn:

- Presenting symptoms of myeloma, diagnostic work up and standard approach to treatment including stem cell transplant.
- Differences between MGUS, smoldering myeloma and myeloma.
- Recently approved therapy options and clinical trial development.
- Resources provided by The Leukemia & Lymphoma Society.

Caregivers and family members are also encouraged to attend.

VIRTUAL/ONLINE AND PHONE EDUCATION PROGRAM

Optimal viewing for this program is on a computer or mobile device using the Zoom application. Audio only is an option. Email required to register and participate in the program. If you do not have a valid email address, please call the staff person listed on the sidebar to register.
