WHO WE ARE:

*In partnership with
The Susan Jolley Awareness Program*

Join us at the Georgia State Capitol or via Zoom.
****10 Years of Advocacy****

We encourage healthcare professionals and members of our community to join us as we continue to bring cervical cancer awareness into the spotlight. Speakers will include several legislators, medical experts, and those who have been impacted by cervical cancer.

Coalition of Georgia**

Target Audience:

This educational activity is designed to meet the needs of practicing physicians, nurses, pharmacists and other healthcare providers in the fields of; family medicine, obstetrics and gynecology, oncology, otolaryngology, and pediatrics.

Educational Objectives:

- Analyze current epidemiological trends of HPV-related diseases, including prevalence, incidence, and mortality rates, to assess their impact on public health.
- Critically appraise the latest evidence on HPV vaccine efficacy, safety, and recommendations from leading health organizations to inform clinical or programmatic decisions.
- Implement effective, evidence-based strategies and best practices to increase HPV vaccination rates in diverse populations through targeted interventions and community outreach.
- Design practical solutions to overcome HPV vaccine hesitancy using proven communication techniques, educational tools, and strategies for enhancing patient engagement.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

Continuing Education:

In support of improving patient care, this activity has been planned and implemented by Cancer Pathways and Piedmont Healthcare. Piedmont Healthcare is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team. This activity offers 1.0 AMA PRA Category 1 Credit™, 1.0 ANCC Credit, and 1.0 ACPE Credit.

IPCE CREDIT™

This activity was planned by and for the healthcare team and learners will receive 1.0 Interprofessional Continuing Education (IPCE) credits for learning and change.

About Us:

The Georgia Comprehensive Cancer Control Consortium (GC3) HPV Cancer Free Work Group is a collective group of health-focused individuals throughout the state of Georgia focused on the prevention and alleviation of HPV-related burden across the state of Georgia. The Susan Jolley Awareness Program brings awareness to the prevention and the impact of cervical cancer, HPV prevention and other gynecological cancers that affect women.
